POPE'S MONTHLY INTENTION FOR SEPTEMBER 2025

FOR OUR RELATIONSHIP WITH ALL OF CREATION

Let us pray that, inspired by Saint Francis, we might experience our interdependence with all creatures who are loved by God and worthy of love and respect.

PHOTO OF THE MONTH

MEETING VEDDA CHIEFTAIN

A unique and meaningful dialogue is taking place between members of the Aquinas College faculty and a Vedda chieftain, representing one of Sri Lanka's most ancient indigenous communities.

The setting, adorned with framed photographs and certificates, reflects the rich heritage and recognition of the Vedda people. The faculty members, seated respectfully, are engaged in attentive listening, while the chieftain, in his traditional attire, shares his wisdom, experiences, and cultural knowledge.

This encounter is symbolic of bridging academia with indigenous tradition—where modern education and ancient heritage meet. It highlights mutual respect, cultural preservation, and the importance of intergenerational learning. Such a discussion not only enriches the academic perspective of the faculty but also affirms the dignity and value of Sri Lanka's first people, ensuring their voices are heard in today's society.

September occupies a distinctive place in Sri Lanka as a month of transition, reflection, and celebration. From a climatic perspective, it marks the shift from the southwest monsoon to the inter-monsoon season, while in agriculture it signals the preparatory stage for the **Maha** cultivation period, an important phase in the nation's agrarian cycle.

The month is also nationally recognized as **Literary Month (Sahithya Maasa)**, a period dedicated to fostering the intellectual and cultural life of the country. Its highlight is the **Colombo International Book Fair**, held annually at the BMICH, which has established itself as the largest and most dynamic literary gathering in Sri Lanka. Schools, universities, and cultural institutions actively participate through competitions, discussions, and exhibitions that promote reading, critical thought, and creative expression.

Spiritually, September is marked by significant religious observances that shape the rhythm of devotion and reflection within the Catholic community. On September 8, the Nativity of the Blessed Virgin Mary is celebrated, honoring the birth of Mary, the Mother of Jesus, whose life embodies faith, humility, and obedience to God's will. This feast highlights her central role in salvation history as the one chosen to bring Christ into the world.

On September 14, the Exaltation of the Holy Cross commemorates the discovery of the True Cross by St. Helena and emphasizes the Cross as the supreme symbol of Christian redemption.

On September 15, the Memorial of Our Lady of Sorrows reflects upon the deep suffering of Mary as she shared in the Passion of her Son, standing steadfast at the foot of the Cross.

RECTOR'S MESSAGE

SEPTEMBER IN SRI LANKA

Since 1954

On September 29, the Feast of the Archangels Michael, Gabriel, and Raphael revered as messengers and protectors, symbolize God's care and providence.

Within the Buddhist tradition, *Binara Poya* is observed, commemorating the establishment of the Bhikkhuni Sangha (Order of Nuns), a milestone in the history of women in Buddhism.

On the global stage, September resonates with values and memories of worldwide importance. International Literacy Day (8th), International Day of Peace (21st), and World Tourism Day (27th) all highlight ideals close to Sri Lanka's heart—education, harmony, and intercultural exchange. Equally, September carries the somber memory of the **September 11, 2001 terrorist attacks** in the United States, when the Twin Towers of the World Trade Center were destroyed. This tragic event, which claimed nearly 3,000 lives, reshaped global politics and security, and continues to be remembered annually as a call for peace, unity, and resilience in the face of extremism.

Month of September stands as a month that integrates **literary celebration, spiritual devotion, cultural diversity, and global awareness**, reflecting the multifaceted identity of the nation.

Sacerdotal Golden Jubilee Felicitation Ceremony Honouring His Eminence Malcolm Cardinal Ranjith

A Civic Felicitation Ceremony was held on **Monday, 7th July 2025**, at the **Archbishop's House Auditorium** to celebrate the **Golden Jubilee of the Priesthood of His Eminence Malcolm Cardinal Ranjith**.

The solemn occasion was honoured by the presence of **His Excellency President Anura Kumara Dissanayake, Prime Minister Harini Amarasuriya, Hon. Sajith Premadasa, Leader of the Opposition, and Msgr. Roberto Lucchini, Chargé d'affaires of the Apostolic Nunciature in Sri Lanka**.

Also present were **Most Rev. Dr. Harold Perera, President of the Catholic Bishops' Conference of Sri Lanka, the Auxiliary Bishops of Colombo**, together with bishops from across the country, clergy, religious, family members, and distinguished invitees, all gathered to pay tribute to His Eminence on this historic milestone.

In 1982, he took up the post of sole surgeon at the **Base Hospital Polonnaruwa**, where limited facilities and the civil war created overwhelming challenges. With remarkable resolve, he established an Intensive Care Unit, created a special ward for military casualties, and treated thousands of civilians and soldiers with devastating injuries. Often working in conflict zones at great personal risk, he became known as the surgeon who always went “the extra mile.”

Beyond his service in war, Dr. Goonetilleke shaped the future of surgery in Sri Lanka. At the **Sri Jayawardenepura General Hospital**, he trained and mentored generations of doctors, led the **College of Surgeons of Sri Lanka** as its President, and pioneered workshops in trauma and military surgery. His contributions earned him the **Honorary Fellowship** of the College in 2002.

A gifted writer, he has documented his remarkable journey in books such as *In the Line of Duty*, *The Extra Mile*, and *The Healing Cut*. Through his writings and his website, **A Surgeon's Tales**, his experiences continue to inspire both medical professionals and the wider community.

Supported by his wife **Shelendra**, and blessed with children and grandchildren, Dr. Goonetilleke has balanced his demanding career with a deep commitment to family life. His story is a lasting reminder that true greatness lies in service, sacrifice, and compassion.

Dr. Gamini and Dr. Ravindranathan recently visited Aquinas College to reminisce about their student days. Back in 1967, they had attended Aquinas for extra classes in Advanced Level subjects including Chemistry, Botany, Zoology, and Physics. During their visit, they had the opportunity to revisit their former classrooms, bringing back fond memories of their academic journey.
